

Signage Update

My signs will not be up going up until the end of September to ensure I adhere to the Town of Beausejour's *Election Signage Policy* which indicates:

"The timelines for when election signs can be placed shall align with the following requirements:"

- "For Municipal and School Board elections, signs are only permitted from the date that is 30 days in advance of the election date until three days after the election."

Therefore, I will not be putting up my signs until 30 days in advance of the election date to ensure I adhere to the policy set by out by resolution by Town Council on February 22, 2022.

Adhering to established by-laws and policies is a core professional responsibility that I value and hold myself accountable to. I also would expect the residents of Beausejour to hold me accountable to these as well.

Thank you, -Shauna
